Dear Calderón Llosa, dear Oscar,

It is with great pleasure that we congratulate you on the successful GA²LEN ACARE re-audit. We are looking forward to our continued collaboration on the improvement of angioedema knowledge and management

Please find attached your new certificate, and we ask you to please find a good spot to display this certificate at your center. The certificate is valid for 3 years and will be extended upon successful re-audit in 3 years. Please be in touch with the GA²LEN ACARE office in due time to prepare for this re-audit.

We appreciate your great support of the ACARE network and look forward to working with you and your GA²LEN ACARE Center on current and future ACARE programs and projects. We will also call on you to perform audit visits of applicant centers. We will be in touch with you regarding new projects and new initiatives. Currently, the following centers need to be audited soon (see table on the following page). If you would like to audit any of these centers, please let us know. Maybe you are planning to visit one of these centers sometime soon anyway, in which case we ask you to please be in touch with the GA²LEN ACARE office so that we can use your visit to also schedule an audit. Another possibility is to conduct audits remotely via video conferences. Please also volunteer to audit other applicant centers.
